CAREER OBJECTIVE

Computer Engineering fresher with strong programming fundamentals and practical project experience, seeking an entry-level opportunity to apply my technical knowledge, contribute effectively to a team, and build a long-term career in software development.

EDUCATION

Bachelor of Technology in Computer Engineering — MCOERC, Nashik

2023 – 2027 | *SGPA: 9.05/10*

Senior Secondary (Class XII), HSC — New English School, Bhadgaon

2023 | *Percentage: 62.83%*

Secondary (Class X), SSC — BJH School, Kajgaon

2020 | *Percentage: 88.40%*

SKILLS

Programming Languages: Java

Web Technologies: HTML, CSS, JavaScript

Databases: MySQL, MongoDB

Tools & Platforms: Git, GitHub, VS Code, Eclipse

Core Subjects: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks, OOP

Soft Skills: Communication, Teamwork, Problem-Solving, Time Management

PROJECTS

Online Exam Portal (Internship) | Tech Stack: Java (JSP/Servlet), MySQL, HTML, CSS, JavaScript

- Built a full-stack online examination system using Java (JSP/Servlet) and MySQL, covering exam creation, delivery, and evaluation.
- Implemented secure login authentication and end-to-end exam workflow for students and admins.
- Automated the result generation process, significantly reducing manual effort and evaluation errors.
- Designed a responsive UI using HTML, CSS, and JavaScript for a smooth cross-device user experience.

DevMates App | Tech Stack: Android (Java/Kotlin)

- Developing an Android application for student collaboration, enabling users to connect and form project/hackathon teams.
- Building core features for team formation and in-app communication to streamline student collaboration.
- Focusing on intuitive UI design and feature functionality to improve usability and engagement.

INTERNSHIP

Java Full-Stack Development Intern — R3 Systems India Private Limited, Nashik

Jan 2026 – Feb 2026

- Completed a hands-on Java Full-Stack Development internship, gaining practical exposure to end-to-end web application development.
- Worked with Java (JSP/Servlet) and MySQL to build and test full-stack modules, including the Online Exam Portal project.
- Gained experience in front-end development (HTML, CSS, JavaScript) alongside back-end logic and database integration.

DECLARATION

I hereby declare that the above information is true to the best of my knowledge.
